

RHO-PLATE V2 CAMERA MOUNT INSTALLATION INSTRUCTIONS

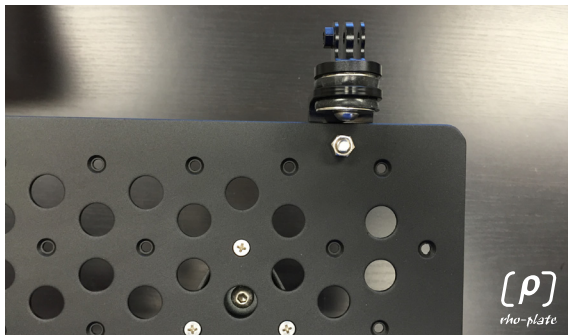

Kit contents:

- 1 - Camera Mount
- 2 - 1/4-20 X 5/8 Fastener
- 3 - 1/4-20 Nut

Tool required:

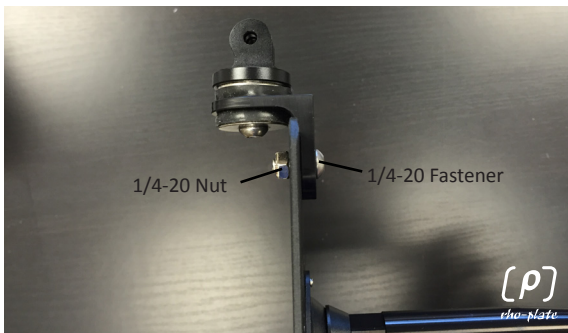

- Hex key from rho-plate V2 kit
- Hex Wrench

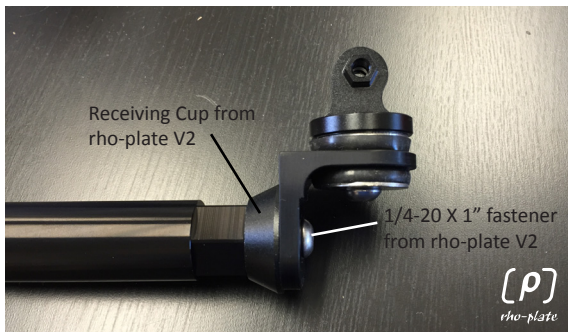

Installation option 1 -

Install on Mounting Plate

Pick a location (1 of the 4 license plate mounting fastener) closer to the mounting bolt for best performance

Install 1/4-20 X 5/8 Fastener from behind Mounting Plate and secure the license plate from the front with the 1/4-20 nut

Installation option 2 -

Install on Mounting Bolt

Install Camera Mount on end of Mounting bolt with Receiving Cup and 1/4-20 X 1" fastener from rho-plate V2

Install other action cam

Go-Pro mount on top of Camera Mount can be removed to allow mounting of other action cam with 1/4-20 mounting point

Please check tightness of fasteners before each use
